2. At the time of submission the amount of stenographic assistance was adequate to serve the number of executive type personnel on board. Due to the subsequent assignment of addition military personnel in an executive capacity, the proposed structure does not provide sufficient stenographic support. In order to correct this condition it is requested that the position indicated in Tab 1 attached be approved in lieu of the original request.

3. This requested change does not change the total number of positions requested in Tab 7 of the referenced memorandum.
